## Schedule of Classes for April 2017

All Classes are 50 minutes in length. Please arrive early to check in.

Pole class starts promptly. If you are not here at the start of your reserved class, your pole will be forfeited to the next person on the list.

If you are not in the classroom 15 minutes after the start of class, you will not be permitted to enter.

It is recommended to register online to reserve your spot in class.

Classes and Instructors are subject to change.

Each of our classes uses isometric exercises to sculpt and strengthen every major muscle group in the body.

We also utilize complex stretches, which enhance flexibility and produce long, lean, feminine muscles. Although these classes are not based on aerobic activity, you will definitely attain cardiovascular results. New moves are incorporated into our classes every week to keep your interest and challenge your body. Please see reverse side for class descriptions.
